How Paintless Dent Repair works

Our Paintless Dent Repair process repairs dings from the inside of your vehicle's panel to return the metal to its original state. We repair your vehicle professionally and quickly, without the need for sanding, body fillers or new paint allowing you to get back to your life. Fast!

Dents, dings and creases are removed from vehicles without affecting the original factory finish. Our skilled technicians use specially-designed tools to reform body metal back to its original condition and all repairs are covered by a 100% satisfaction guarantee.

Dings Happen

You can't avoid parking lots. Unattended shopping carts seem to have a mind of their own. Parking spaces are often too close to each other. But you can relax knowing that when (not if) that first ding happens, your vehicle will be repaired quickly, professionally, and with no out-of-pocket cost to you.

Your new automobile is a big investment. With PermaPlate Paintless Dent Repair Protection, you won't have to worry about dings ruining your vehicle's appearance or resale value.

Hassle-free Repair Process

- When a dent or ding is noticed, just call the toll-free Customer Service phone number to initiate a repair order
- Arrangements will be made for one of our experienced, certified PDR technicians to contact you to set up an appointment convenient with your schedule
- Repairs will be completed quickly, easily and with no out-of-pocket expense to you

The Advantages of PDR

Knowing you have Paintless Dent Repair coverage means that you have peace of mind. You will enjoy:
